

**Bar Coding | Process Analysis | RFID | Implementation Services | Global Support | Training**

## Eagle Corporate Fact Sheet

Eagle has been a strategic partner of QAD since 1992 and is the leading provider of portable wireless technology solutions to users of QAD Enterprise Applications worldwide. The portable wireless technology umbrella includes bar coding, RFID and other automated data collection technologies (ADC), as well as many industry-specific capabilities Eagle has developed in response to the needs of our customers.

The people who know the most about Eagle are QAD, our customers, and the users themselves. Their assessments are clear:

- **QAD** has repeatedly recognized Eagle with its "Product Partner of the Year" award.
- **800+ customers** at 3,000 sites around the world have chosen Eagle, citing Eagle's seamless integration with QAD, fault-proof data accuracy, real-time access to information, global footprint, vertical expertise and cost of ownership as key reasons for their decision. Customers also value the fact that RF Express for QAD Enterprise Applications requires no additional hardware, middleware or databases.
- And **users** who work with (or depend upon) Eagle's product, RF Express for QAD Enterprise Applications, consistently give Eagle "Excellent" ratings on responsiveness, support and service. In the words of one user, "Eagle is a no worries vendor, delivering a quality solution on time and on budget."

### RF Express™ for QAD Enterprise Applications

Eagle's product, RF Express™ for QAD Enterprise Applications, provides fault-proof, real-time automated data collection at the single site or multinational level enabling manufacturers to achieve their data accuracy, inventory accuracy, labor cost and efficiency goals through Progress-based, standard product. RF Express for QAD EA directly calls QAD's edit and update routines with no intermediate server, middleware or modifications to the QAD applications. Eagle's plug-and-go automated data collection solution is in use by over 800 QAD customers at 3,000+ sites worldwide, across all industries served by QAD: manufacturers of automotive, consumer products, electronics, food and beverage, industrial and life science products.

Sales and support are available for the Eagle product worldwide, including project planning, functional and detailed design, RF technology definition, implementation, User/IT acceptance testing and training.
